LGCF Fall District Meeting dated 15 October, 2026
Snoann Willett, LGCF Newsletter Editor

There is still time for anyone to submit their Creative Design for the LGCF photo contest. I am taking submissions until 1 December, 2026. The designs need not have won a ribbon or in a flower show. Please include with your image file the type of design, plant material used, where it was displayed, whether at home, a club function, or formal show and a brief description of your inspiration or theme. To date, I have received exactly 3.

Contest runs until 1 December. Submissions will be shown in the January 2027 newsletter. The winner will be featured on the April 2027 newsletter cover. I look forward to seeing your beautiful designs.
